Founded in 1985

The Charlotte Woodworkers Association is a non-profit organization for amateur and professional woodworkers. Our purpose is to promote the enjoyment of woodworking and to strive for excellence in our work. We do this through sharing knowledge, teaching, skill development and public service.

Membership is open to anyone! We have men & women of all ages and skill levels active in the club. Whether you're a professional or simply a newcomer who has little experience you'll find a niche in the club.

Monthly meetings include instruction on a range of topics including: joinery, design, finishing and "how-to" from members and professionals. We also have regular demonstrations from local tool suppliers. We also host a fellowship hour each month with light refreshments.
